Call for abstracts

The Belize-Mexico Binational Seminars represent one of the main academic activities developed to strengthen cooperation, promote spaces for exchange in education, research and topics of interest between both countries.

Since 2016, annually, with the exception of 2020, seven Binational Seminars have been held to date that have addressed issues of mobility and connectivity, academic cooperation, sustainable development, water as a strategic resource, the impact of the Covid-19 pandemic on Mexico and Belize, and our shared reef system. In 2024, the University of Belize (UB), the Embassy of Mexico in Belize (EMBAMEX), El Colegio de la Frontera Sur Unidad-Chetumal (ECOSUR)

and Universidad Autónoma del Estado de Quintana Roo (UQROO) as host institution, meet again to organize the 9th Binational Seminar with the theme on "Sustainable Development on the Mexico-Belize border: Challenges and opportunities."

The central theme of the 9th Binational Seminar is: "Sustainable Development on the Mexico-Belize border: Challenges and opportunities", which seeks to develop knowledge in relation to the social, economic and environmental impact on the border of the two participating countries.

On this occasion, the Organizing Committee of the 9th Binational Seminar invites students, teachers, researchers, government organizations and the productive sector to present proposals for oral presentations in the following thematic areas:

- Sustainability and sustainable development.
- Climate change and education.
- Climate change and health.
- Resilience to climate change.
- Natural resources, biodiversity and water.
- International and local responses to climate change.
- Recognize, identify and catalog the economic, social and ecological impacts of climate change: holistic assessments of climate vulnerability.
- Climate resilience toolkit: monitoring, sustainability, conservation and ecotourism.

The presentation of the works will be organized in face-to-face sessions for each thematic area, the presentations will be 20 minutes and at the end of the block of presentations per thematic area, a 15-minute space will be opened for questions and comments.
